Stifel GMP Global Carbon Conference 2022

Date: Tuesday, February 8, 2022
Time: 4:00 pm Eastern Time (1:00 pm Pacific Time)
Presenter: Anthony Milewski | Global Carbon Credit Corp.
Webcast Link: <https://wsw.com/webcast/stifel66/gccc/2046416>

As part of the event, there will be a keynote fireside chat from David Antonioli, Chief Executive Officer of Verra and Michael Berends, Managing Director of Origination of ClearBlue Markets. The primary focus of the conference will be on the role of carbon credits and technological innovation in the race to net-zero. The voluntary carbon markets have experienced rapid growth over the past year which is forecast to continue as corporations look to offset emissions that can not yet be eliminated as they pursue their decarbonization goals.

About Global Carbon Credits Corp.

Global Carbon was established to provide investors access to the growing voluntary carbon markets. The Company is building a broad-based portfolio of verified carbon credits representing various project types, locations and vintages. Global Carbon’s investment objective is to maximize risk-adjusted returns for its shareholders by offering leverage to higher global carbon prices forecast as the world mobilizes to meet the goals of the Paris Agreement.

ON BEHALF OF THE COMPANY:
